**Mail Stop Amendment**  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

**Terminal Disclaimer under 37 CFR 1.321(c) to Obviate a  
Judicially Created, Obviousness Type Double Patenting Rejection**

Applied Materials, Inc. (hereinafter "Assignee"), a California corporation, is the owner of the entire interest in the instant application.

Assignee hereby disclaims, except as provided below, the terminal part of the statutory term of any patent granted on the instant application that would extend beyond the expiration date of the full statutory term of either of prior patents No. 6,772,827 and 6,823,589 (hereinafter the "the Prior Patents"), as the term of each said Prior Patent is defined in 35 U.S.C. 154 and 173, and as the term of each said Prior Patent is presently shortened by any terminal disclaimer (hereinafter "the Term").

Assignee hereby agrees that any patent so granted on the instant application shall be enforceable only for and during such period that it and the Prior Patents are commonly owned. This agreement runs with any patent granted on the instant application and is binding upon the grantee, its successors or assigns.

In making the above disclaimer, Assignee expressly does not disclaim any portion of the term of any patent to issue upon the instant application prior to the expiration of the Term, irrespective of whether any of the Prior Patents later:

expires for failure to pay a maintenance fee;

is held unenforceable;

is found invalid by a court of competent jurisdiction;

is statutorily disclaimed in whole or terminally disclaimed under 37 CFR 1.321;

has all claims canceled by a reexamination certificate;

is reissued; or

is in any manner terminated prior to the expiration of its full statutory term as presently shortened by any terminal disclaimer.

Enclosed is a check for the \$130.00 fee required by 37 CFR 1.20(d). [fee code 1814]

Respectfully submitted,

Robert J. Stern
